Code for Beer
Second Position
The project was a web-app for Visual
Question Analysis. Hosted by DoSelect
& Hasura.

Education

B.Tech in Computer Science and Engineering
Indian Institute of Information Technology, Sri City
Aug 2015 - May 2019   CGPA: 8/10

Work Experience

Project Engineer
Centre of Excellence in Wireless Technology, IIT Madras
June 2019 - Ongoing

Currently, developing a full-stack web application for one of the core projects
for better user reachability and accessibility.

Intern
Indian Institute of Information Technology, Sri City
May 2017 - June 2017

Developed video streaming and sharing site named Pixeo which helped
faculties and students to deliver and view course content easily. Lab
automation tool named Libellus which helped the system admins to
work hassle-free.

Teaching Assistant & Network Admin
Indian Institute of Information Technology, Sri City
Aug 2016 - April 2019

As a T.A., assisted the professors in teaching students object-oriented
programing, web development technologies(like HTML, CSS etc), Linux
basics, and scripting languages(like Bash, JavaScript). As a network admin,
maintained servers, solved network-related issues, and developed automation
tools. Containerisation, reverse proxy implementation, etc are some of the
solutions provided.

Position of Responsibility

Design Coordinator
Abhisarga 2019, Cultural Fest at IIIT Sri City
